PDF

Abhinav Bindra once shot 100 out of 100 in practice six times in a row and walked out of the range unhappy. He is a perfectionist who once soled his shoes with rubber from Ferrari tyres because he thought it would help. He would wake up at 3 am to practise at his range at home if an idea suddenly struck him. It is from such obsession that greatness arrives. Abhinav Bindra's journey to become the first Indian to win an individual Olympic gold, and the first Indian to win a World Championship gold, is a story of single-minded passion. The Olympics has been an all-consuming journey for him ever since he was shattering beer bottles and glass ampoules in his garden in Chandigarh. No obstacle was too hard to overcome, no amount of practice too much, no experiment too futile and no defeat so severe that it made a comeback impossible. Shattered by his failure at the 2004 Athens Olympics when a gold medal seemed imminent, he changed as a shooter: from a boy who loved shooting, he became an athlete bent on redemption, a scientist who would try anything - from mapping his own brain to drinking yak milk to climbing rock walls - to win at the Beijing Olympics in 2008. His victory was not just a personal triumph, it was a gift to his nation, a breaking down of a sporting barrier that had stood for a century. Bindra's feat has taught his peers, and those yet to come, that an Olympic gold isn't an impossible dream. In ranges, on fields, in arenas, Indian athletes now own a new belief, they wear the knowledge that no challenge is beyond them. Helping to tell this remarkable story is sportswriter Rohit Brijnath, who collaborated with Bindra in producing this compelling autobiography of one of India's greatest sportsmen.

Quest for Perfection

By Amazon Customer

This book is probably the best sports biography ever written. It gives an outstanding insight into the sport that is hardly known. And it could be a book on sports psychology by itself. But at the end, you will be blown away by Abhinav's single-minded pursuit of excellence. Rohit Brijnath's outstanding writing skills and Abhinav's inner voice make this a fascinating read.

Insightful book

By chaosweb

The author is a world-class smallbore rifle competitor who has won an Olympic Gold medal. He is brutally honest in describing himself and the psychological forces that drive him and how he perceives the competition as a battle with himself. A very insightful look into the thought process and mental discipline of an individual sport Olympic champion.

Discipline, endless training, and the thoughts and dreams of an athlete.

By Bruce D. Thomson

One of the best shooting books I have read. This book is not about technique, the rifle, or methodology, but the pursuit of perfection through the discipline of rifle shooting. The book and the story shows what it takes to be on the Olympic Podium. Successes, followed by failure, the emotional roller coaster of competition. Mental concentration is the game.
