PDF

Cuban Ifá From An Insider

Hidden within the mysterious Afro-Cuban religion of Santería, also known as Lucumí, there is a deep body of secrets and rituals called Ifá, divination practiced by priests whose title, babalawo, means “Father of the Secrets.” This book pulls away the veil of secrecy to reveal exactly what Ifá is and how it works, exploring its history, cosmology, Orichas, initiations, mythology, offerings, and sacrifices. Join Frank Baba Eyiogbe in this fascinating introduction that discusses the functions of the babalawo, the role of women, the future of Ifá, and much more.

“A wonderful and much needed addition to the literature on Afro-Cuban religion. Engagingly written, scholarly while remaining accessible . . . it presents an up-to-date exposition of both the history and contemporary philosophy of one of the world’s most complex systems of divination.”?Stephan Palmié, Chair of the Department of Anthropology and Social Sciences at the University of Chicago and author of *The Cooking of History: How Not to Study Afro-Cuban Religion*

Excellent storytelling and honest teachings on Cuban Ifa

By Scott

Baba Eyiogbe does an artful job of teaching through the combination of history and story. It is a treasure to

read a book from a practitioner who walks the line between being truthfully informative and maintaining his vows on what is allowed to be public. If you are looking for deeper insight to the formation of Cuban (and by extension US) Ifa, this is an excellent starting point. It is sure to be a keeper on my bookshelf.

A wealth of knowledge.

By Alejandro Granados Turrey

I came to Santeria knowing very little. After having read this book it has left no questions as to what Santeria is. A definite read for those interested in what Santeria is all about.

3 of 4 people found the following review helpful.

Don't start this book if you don't have time to finish it

By Blue Hat Man

This book is for anyone who has any interest in the Afro-Cuban Lukumi religious tradition -- known to some as Santeria, to others as La Regla de Ocha. Ifa sits at its heart, Ifa is the heartbeat. Frank Baba Eyiogbe, a babalawo, a priest of Ifa, explains how this magnificent religion traveled with the slaves through the Middle Passage from West Africa to Cuba, and became something entirely of its own in the New World. This is a book for all practitioners, be they santeros, santeras, oriates, obas, or babalawos, be they elders or the newly initiated. If you find yourself peeking in from the outside, this book is for you, too.

Babalawo is both masterfully researched and elegantly written. Frank Baba Eyiogbe draws on deep experience, both as a santero and as a babalawo, to explain the intricate inner workings of what remains a cloaked and hidden religious practice. Some secrets are secret, it turns out, for very good reason. Frank Baba Eyiogbe also brings to this story his American perspective, demonstrating by his own example that Ifa embraces anyone, everyone, who approaches with an open heart and an open mind.

In the end, this is a very human book about a very human religion that embraces all life everywhere all the time. This is a book that challenges all of us to seek answers to the questions we have yet to speak out loud. There are answers to those questions. Frank Baba Eyiogbe shows us one place and one way those answers can be found, and lived.
