I need more Gabe & Mia

By Lorena Garcia

The story continues for Gabe and Mia. I think this is such a beautiful book. The connection between them is just unbelievable, their chemistry is just off the charts!

Mia likes to keep pushing Gabe's buttons and she's a stubborn and feisty little thing. But that doesn't stop Gabe from feeling the way he does for her. He is so utterly and madly in love with this girl and even though she likes to irritate him, he can't seem to stay mad at her for a long period of time. The love they share is way too strong for them to part ways. They have a beautiful connection. Mia is just as in love with Gabe as he is

with her. She finally starts opening up to him and admits to him that she loves him and she feels like she can't live and breath without him.

Lexi and Doug are also supporting characters in this series and they are both great friends to Gabe and Mia. Lexi is having issues of her own with her getting pregnant and not knowing who the father is. She is struggling to decide what it is she wants to do with this pregnancy. Mia is there for her and she will support her in whatever decision she makes.

Mia has her own issues to worry about. She kept stalling in getting checked and when she finally does, she needs to get operated and now she's scared. Gabe and Lexi are there for her though so she's not alone in this.

I am anxious to find out what happens in the third book with Mia and Gabe, what challenges will come their way now. I need to find out what the heck is going to happen in the rest of the series. So much mystery is bound to happen and I'm looking forward to finding out!

Ms. Fallowfield, I desperately need to read the third book as I am hooked on this series. I am in love with the characters in this book. The sex is just scorching HOT!!

If you like to read steamy and sexy novels, this is the perfect series for you. It's not all just about sex, there's actually a plot to the story. Believe me.... you won't regret it if you start reading this series. I highly recommend it.

This was a 5 star read for me.

I was given an ARC for an honest review

unbelievable story... worth every penny!

How could one NOT continue with this series?? All I want to do is call in sick, shut off my phone and tell the family to order take out so I can live in the fun and romantic world of Gabe and Mia! I adore these two, as well as their friends, Lexi and Doug! The writing is incredible, hilariously witty banter and scorching hot romance like I'm sure I've never read before! There is enough angst to keep the tension strung tight and I just can't wait for my next stolen moment to jump in to the following book! Very well done, Ms. CJ, you have a dedicated reader right here!

This book is better than the first and this time around it is ...

By haunted one

This book is better than the first and this time around it is Mia who has my blood pressure up. Gabe is hot, sexy and very protective of Mia and he has reason to be. There is a killer who hasn't been caught yet and Mia has some issues Gabe is worried over. These two will keep you on the edge of your seat wondering what next? The author draws you in with more information from both their pasts, current issues and wonder of where this will all lead for a future.

I'm hooked and will be buying the rest of the series it's just that damn addicting :)
