Easy book to read

By starzzzy

I liked this book because of the simple design. I actually had the author, Granello, for a professor so I got to hear a lot about her choices when constructing this textbook. I can say that the hard work and thought behind this book paid off. Everything is well laid out and in an easy to read manner. There are also quotes and stories from real counselors and activities throughout the book. I am very critical of text books, but I must say this one was quite good.

I don't know that I loved reading it

By Lindsey P. Pritchard

Book was helpful for my graduate class. I don't know that I loved reading it, but it definitely taught me what I needed to know.

Nicely Done

By Velesia Lucketta

Minus a few typos, the book was very good. Easy to read and good examples. All courses should have a similar intro book.
