Excellent organizing and analysis of a scattered art movement

By Colorist

Excellent organizing and analysis of a scattered art movement. More and better color reproductions would help, as black and white illustrations are misleading as to space and structure. The excellent text more than makes up for this.

A Must for the Lover of Early Modern Art

By Retire to Portugal

Be sure to obtain the large Abrams hardback volume. Covers so much with quality color photos. Many artists and describes their work, style and progression in the art field.
