Most helpful customer reviews

7 of 8 people found the following review helpful.

Excellent!

By Marcel Elfers

There are few books in our lives that are just must haves and this is one of them. Kimon Iannetta researched handwriting for years and then emphasized "danger signs" in handwriting. Which writer might snap? Who has tendencies of brutality? Who can be delusional?

After 30 years of personal research and experience in handwriting, it is still stunning to me how accurate such signals are in general. Kimon Iannetta shows us these signs with a multitude of samples of known offenders. It's a must have book that will have major impact in your life.
