Dating A Silver Fox

By Gma Linda

I wasn't disappointed in this book! This latest book in her series is every bit as good as the other "Dating" books. As a widow, I could relate to Lydia, and felt for her as well. It's assumed in our 60's we know all and have all the answers when we really don't. No matter how long we've been a widow, our past haunts us. I related to the "ghosts" in Lydia's bedroom, that she referred to. Donna's books are always a quick and easy read, but the stories stay with you.

it's never to late to love

As a 63 yr. old widow this book woke me up, there is life after a death and why am I not living it?! Poor Lyndia has had a hard life and she thinks that's all there is but when Morrie enters her life she really learns to live for right-now. Morrie has such understanding and caring that the book comes alive and in the end we all won. If you want a great read then get this book. I guarantee you will not regret the cost of the book. You will want to keep this book, especially if you are young But especially if you are a widow like myself and wonder if life is worth living, really living, not just existing, after a death. This book will keep you wanting more...more in your life. Donna's whole series is fantastic but think this is the top of the list but then I'm the age of the people in the book. If you are going on vacation then buy the whole series, you won't regret buying any of them. Can't wait for her next one. Any book by Donna is a book you will never regret buying and will read over and over again.

Charming, romantic ..loved this book

By A. Druck

To be honest I really didn't want to read about Lydia, Lauren's mother. She made me so mad in Lauren's book I didn't care about her story, but once I started a series I knew I had to finish. Well, this book was so intriguing and written so well I couldn't hardly put it down. Lydia's story was amazing. Her first husband treated her very badly and couldn't give her an orgasm and he left such a bad taste in her mouth she couldn't care less about men. She became a bitter old woman until she met Morrie. I fell completely in love with his character. He was so charming and persistent. He knew what he wanted and went after it, no matter how much rejection. It was so sad someone could make it that long in life not knowing what love was and how to be happy. I have to say I love Donna McDonald's stories and am excited for the next book!
