Witches are disappearing. Normally that wouldn't be Avery's division, but the Humans who were close to the missing are having their minds manipulated, and when the bodies of one of the Witches and her Human husband are found, the killer turns out to be a creature of legend.

With her last case still unsolved, Avery is forced to spread herself thin in order to try to find both killers. Luckily, she has a new partner to help her along the way. If only she can manage to keep their relationship professional.

Interesting twists!

By Kindle Customer

It's great and interesting how this book is starting to develop the main character more and more, Avery was such a stellar character to begin with but now S.L. Gavyn has given her more depth and even more strife. In the last book I wanted to smack Jared for what he did, but it looks like Avery (while still battling her feelings for him) had come out stronger than ever. I do wish the two would do something with the tension but it's a great book and I can't wait for this story line to continue in the next set. All of the Avery series has kept me on the edge of my seat, waiting anxiously to see what happened next with all of the Characters.

The plot twists were amazing and unexpected, how the author kept them all straight is beyond me but it was amazing none the less!

I absolutely loved loved loved this series

By Caregiver

I absolutely loved loved loved this series!!! SL Gavyn draws you into a wonderful and uniquely created world of Avery - a total BadA\$\$ for the human rights division who's responsible for seeking out and eliminating demons and other paranormal nasties - she thinks she's a demon.... But as the story unfolds (rapidly) we learn about her other incredible gifts and discover she's a lot more than she ever could imagine- she links up with a Fallen who is lead singer of a rock band, and proceeds to try to deny her feelings for him- this story was amazing- incredible and kept me clicking my kindle fervently !!! Everything anyone could want in a romantic, spicy and intricate paranormal book!!!! I neeeded morrrrrreeeee!!!

Can't wait for book four....

By L J L

Despite some significant editing challenges, this series is great... Which says a lot since that usually drives me crazy!! But the characters are beautifully developed and the plot lines are fantastic... But I need some closure here!!!!
