One of the non-verbal communications that is part of liturgy is the environment in which it is celebrated. The environment can express the mood of the season, draw attention to specific areas in the church building, and focus on particular permanent or seasonal elements. This book gives general principles for enhancing the interior of the worship space with specific ideas and techniques, and even a few tips on what to consider when building or remodeling a space. Since the exterior environment draws people in to the mystery to be celebrated inside, there are suggestions for outside enhancements as well.

envisioning environment

By Michael N.

great book for those involved in Parish liturgy planning, decorating, celebrating. Filled with great ideas and suggestions - a must read.

0 of 0 people found the following review helpful.

Great tool whether experienced or novice

By Lisa McMillen

Excellent planning tool for teams to read. It gives many points to ponder. This is not a picture book of ideas rather it is a way to look at planning for your specific Church based on great questions to answer. Helpful planning sheets are included at the end of the book. I have been designing seasonal Church decorations for over 20 years. Many tools included are ones I use but many more were enlightening.
