Don't be in a rush

By TimothyL

This is a book for those who are willing to take time to read a thoughtful commentary on the epistles of Peter and John. This is not a Warren Wiersbe-type read, but a book written by a commentator from the 19th century. However that is its strength, and not a negative trait. Although I don't agree with everything he says, the vast majority is solid Orthodox Christian thinking.

Whenever looking for commentaries to read, always seek out commentators from different eras. Only then will you be able to protect yourself from "group-think."

One thing I would suggest is to highlight the Bible quotes at the beginning of each main section. Also highlight the numbers that divide each section. That way you will be able to navigate through the commentary more easily and understand the way it is organized.

MacLaren doesn't comment on every verse of the epistle, you will still be able to grow from his insights.

No Equal

By Jerry L. Ogles

As is characteristic of all of the works of MacLaren, this work is unparalleled in thoughtful analysis and devotional quality. One can always know that any study by this author will be conservative in doctrine and faithful to the Scriptures in nature.

Good expositor

By MarfieinVA

First of all I need to tell you that I use this resource more on my laptop from e-sword, my Bible program, than I do on the Kindle. But I bought it because I am teaching through I Peter to a great group of senior ladies. Maclaren was Scottish, and I don't know what they put in the water over there, but I have been very impressed with the depth in these older writers from that region. I think we've lost something- perhaps the uninterrupted time to study and pray and commune for longer periods of time. It takes time to be holy as the hymn says. He is spot on- I use him, and Tried by Fire by F. B. Meyer as my main sources for this series.
