Fine Quality - Great Price

By ANNE PRAY

I gave this as a gift to a friend of mine since Persian is her native language. The price was excellent since I had checked other sources. She was very pleased.

Excellent. For all the books I buy

By michael o'hair

Excellent. For all the books I buy, I know the material, or read the language, or just know what I'm paying for as far as the material goes. This usually reduces a review from me to the ease of use, the quality and durability of the binding, the clarity of the print, the page color, and general attractiveness. I can find no fault this way with any of my bible purchases, including this one. One correction: assuming you are writing in English: it is better to say Persian (Farsi) than Farsi (Persian); the language is Persian to an English speaker, and Farsi the Arabicized Persian word for the slight regional variation that in Iran now goes by the name of Farsi. In English, the culture is Persian, the carpets are Persian, the cats are Persian, the Gulf is Persian--and the language is Persian.
