Fun for Princesses

By Dena

This is an activity book. There is a story that flows through the book alongside activities where girls can cut, color, draw, and glue. There is also a little notebook in the front cover, which both my kids loved.

The activities are definitely for kids ages 6 and up that can work independently. Some of the activities require some adult help, but most of them can be done without assistance. These are fun activities for any aspiring princess!

So Much Packed Inside!

By Cherise Kachelmuss

This book is a paperback activity book that comes with a cute little sparkly tin notebook. It features tons of activities, recipes, games, coloring sheets and ways to perfect a princess sleepover! It is a perfect activity book for a little princess who loves activities and is too old for boring coloring books. This book will keep her busy and spark her imagination. There is seriously a lot packed into it!
