Review

5 KISSES: "I have been a fan of Laurie Roma's from her first novel, Under Pressure, and this novel did NOT disappoint! The detail that Ms. Roma puts into her novels makes me feel as if I am right there with the characters, living and breathing in the lives that they live. The adventures of the heroine in this novel are amazing, the character, Allie, is a well rounded and amazing heroine. Strong in her own right and that spoke to me as a woman, and her men, wow. Drools. All that I can say is that Ms. Roma has once more created a new world for us to live and dream inside of with the Arcadian's and I truly hope that there is far more in store with them. This novel is exceptionally well written, well thought out and with such detail that you truly fee as if you are there. This is truly a novel that you should add to your repertoire as soon as possible." -- Holly, Reviewing Vixens

If you like this Into The Dream [The Arcadians] (Siren Publishing Menage Amour) By Laurie Roma style around, why do not you check out the book Into The Dream [The Arcadians] (Siren Publishing Menage Amour) By Laurie Roma to improve your conversation?

The presented book Into The Dream [The Arcadians] (Siren Publishing Menage Amour) By Laurie Roma we provide below is not type of normal book. You understand, checking out now doesn't suggest to handle the published book Into The Dream [The Arcadians] (Siren Publishing Menage Amour) By Laurie Roma in your hand. You can obtain the soft file of Into The Dream [The Arcadians] (Siren Publishing Menage Amour) By Laurie Roma in your gadget. Well, we mean that the book that we proffer is the soft data of guide Into The Dream [The Arcadians] (Siren Publishing Menage Amour) By Laurie Roma The content and all points are very same. The difference is only the forms of guide Into The Dream [The Arcadians] (Siren Publishing Menage Amour) By Laurie Roma, whereas, this condition will specifically pay.

INTO THE DREAM [THE ARCADIANS] (SIREN PUBLISHING MENAGE AMOUR) BY LAURIE ROMA PDF

[Menage Amour: Erotic Sci-Fi Menage a Quatre Romance, M/F/M/M, shape-shifters, HEA] Allison Summers is having the mother of all bad days. As a surgeon, Allie is a strong woman who has led a difficult life. She is fighting to make the best of her situation, but everything changes when she is struck by lightning and finds herself transported to another world. Arcadian Princes Tynan, Cael, and Ryder Dracor have been looking for the woman who will complete their souls. Born in a world with a shortage of females, they fear that day will never come. When a goddess suddenly appears, they are shocked, but know they want her as their mate. Allie wants to go home, but now that they've found her, they don't want to let her go...When wills clash and legacies are unveiled, it seems as though Allie was destined to become part of this world. But as she struggles with her new life, can she find a way to truly be happy and embrace being an Arcadian? Note: There is no sexual relationship or touching for titillation between or among siblings. ** A Siren Erotic Romance

I've fallen in love with a new author!

By Robin (Sizzling Hot Books)

I have been reading romance novels since I was a teenager (which was a long time ago.) So it's pretty difficult to come up with a creative idea that I haven't seen before. And though time travel and paranormal romances are not new, Laurie Roma has managed to come up with some new twists in Into the Dream that I wasn't expecting. That is only one of the many reasons why I recommend reading Into the Dream.

Allison is a surgeon in the second year of her residency. She had a difficult childhood, growing up in foster homes where she was often neglected or emotionally abused. Her difficulties in life continued as she

attempted to be successful in a male driven specialty. Into the Dream begins when Allison is having one of those "if it can go wrong, it will go wrong" days. Then to add insult to injury, she is struck by lightning while walking home.

She awakens to find herself in a different universe, one with a dark-red sky and two purple moons. Allie runs into Tynan, a seven foot giant who she is instantly attracted to. Tynan brings Allie back to his home where it turns out he is a prince. Tynan is the perfect romance hero. Not only is he a prince, but he can read Allie's mind and wants only to make her happy. He is handsome, protective, tall and built proportionately. He is also a triplet. In Arcadia, males are always born in trios; and because men outnumber the women, brothers share their mate. Tynan's brothers, Cael and Ryder, are set on making Allie their mate after feeling the bond she has formed with Tynan.

I loved Ms. Roma's explanation behind the brothers' connection. "The blood bond of brothers is different. We share thoughts and memories like a collective being. We may do separate actions during the daylight, but when we sleep. Our brains connect. When we awaken we each have the other's memories of the last rising." It is because of this connection that the brothers are able to share a mate without feelings of jealousy. Each brother has his special time with Allie and she learns to love each brother as an individual. Cael and Ryder are just as perfect as their brother. What woman wouldn't want three handsome princes falling in love with them?

Despite finding love, Allie isn't sure she is happy in Arcadia. She struggles with how women are treated in this world and works diligently to bring independence and freedom to Arcadian women. I loved Allie's independent streak. Tynan, Cael, and Ryder had so much to learn about human women and watching Allie teach them resulted in more than a few laughs.

Ms. Roma's attention to detail brought to life the world of Arcadia. It also made the love scenes between Allie and her men so hot that I found myself wishing I could go to Arcadia and find my own trio. The love the men felt for Allie was evident in every touch. It brought an additional layer to the sex scenes.

Into the Dream is a wonderful read from beginning to end. Even if you aren't a fan of the science fiction genre, I still recommend that you read this book. The science fiction was incidental to the romance and passion. There was so much drama, humor, and passion in every page that once I started reading Into the Dream, I couldn't put it down. Into the Dream was so enjoyable to read that I look forward to more books in this series.

Amazing couldn't put it down book!

By Phoenixphire

Let me start off by saying I don't usually write reviews, I don't know this author, and I read a lot - two to three books a day. I loved this book! It is one of the best books I've read lately. The plot was well thought out, I loved the paranormal twist and the world this author created. The heroine Allie was a strong female, the males each had distinct personalities and you could really feel the individual bonds Tynan, Cael, and Ryder had with Allie as well as the ménage bond. This writer has a knack for seamlessly blending the sex scenes into the story so well that they become a natural progression of the story. Too often lately I feel like authors have crossed the line from erotic to porn with no real plot and poorly written sex scenes. There were a few minor typos but overall the book was well edited. I didn't want this book to end. I am praying this becomes a series. If you love well written paranormal romance, with a great story, characters and romance this is the book for you.

Very well written

By Amazon Customer

I usually don't read books that involve the character getting thrown into another universe due to the awkwardness of it, but there was none of the awkwardness that usually comes of that situation. Ms. Roma's writing is excellent and engages the reader in a way very few authors are capable of. The price is a little high; 3.99 would probably be a better price, but even still I feel like it was a decent purchase.

Allie is a doctor on Earth, one with no friends or family, and when she is struck by lightning, she is transported to another world where men outnumber the females. She wakes up and is confronted by one of the natives of the planet, Tynan, who uses a blood bond to create a connection so they may speak until he can get her a language converter. Like I said earlier, there was no awkwardness, just smooth writing. She and Tynan hit it off and he takes her as his mate. Problems arise when he introduces her to his family as such without bothering to explain that in Arcadia, since male children are born in threes and the triplets have a psychic relationship, they always share their mate. Big shocker when Allie becomes pissed off, but before things get overboard or just too dramatic, the third brother of trio, Ryder, comes in about to die after being injured in an accident. Arcadia does not have doctors since they have a higher healing rate, but even that healing ability can't save them from major injuries. Allie forces her way to Ryder and fixes him up. After this the second brother, Cael, works on winning her over and getting her to believe that Tynan really wasn't trying to insult or hurt her. With the help of mind-melding and constant attention from Cael and Tynan, Allie eventually believes that they do really care for her and want what is best for her. Ryder enters the picture later on, and in my opinion, a little too fast since she jumps right into bed with him. It might have had something to do with the psychic sharing that she yearned for Ryder while he was healing. There are twists and turns, but not the usually petty stuff that I roll my eyes at and think that chit is just picking fights. Allie succeeds in being both independent but not afraid to rely on her mates and her mates are kind and loving, but still have flaws. One thing that was consistent through the book was that the males always had her in the for-front of their minds and their devotion was clear but not overboard.

This book is an amazingly well written and totally worth the read. For dragon lovers, this book is definitely a must. I can easily say that I cannot wait for a sequel!
