MARRIAGE! THE JOURNEY: FROM NEEDINESS & MYTHS TO GOD'S FULFILLMENT BY ANNE TRIPPE PDF

In *Marriage! The Journey*, Anne has gone public with the wisdom and insight she has shared privately with couples since 1986. This book is a first. It is not just another book on marriage. Anne has given us a guide for creating relationships that reflects God's original intention for husbands and wives. *Marriage! The Journey* confronts commonly held myths about marriage with truth. The book shows how God desires to use even the mate's imperfections to bring each partner into dependency on Christ's Life and into intimacy with each other.

Anne Trippe has captured for us the depths of marital intimacy and what Father designed for marriage. What she has written here is not theory. It is well tested through many applications in the lives of those she has counseled over the years. Anne candidly exposes the lies that have kept couples bound in unhappy marriages, but, along with that, unveils the truth that sets them free. This book will be lifesaving for many couples who think there is no hope for their marriage.

It is with great enthusiasm that I recommend Anne Trippe's book, *Marriage! The Journey*. Anne offers no behavior modification advice couched in religious language. Her prescription is simple, practical and biblical. With winsome clarity, she points us back to the indwelling life of Christ and shows us how to experience Him as the very life of our marriage. This book is a "must read" for those wanting to know the kind of marriage God intends for us all.

Who's fault is it?

By G. Massey

This book not only puts your marriage into perspective, but it also puts your life into perspective.

During conflict we have a tendency to point a finger. The problem is that we point the finger at the wrong person. You see, we can't change others, but we can change ourselves. And this is the start of reconciliation. Is it easy? No not at all?

The problem is that we focus on our spouse to bring peace. Well why would the source of your pain bring you peace? And now you're on a crazy cycle looking to the person who causes chaos to all of a sudden bring peace. And when that doesn't happen, you despise that person more and more, and the cycle continues. It's a lose lose.

This is a Christian Book. If you don't believe that Jesus was the creator of this Universe, this book is not for you.

This book will challenge you. YOU have to be the change. You can't say "Well, I'll change if he/she changes too" or "I'll work on my marriage, if he/she does X, Y, Z." Because if you were to die today, and God asked you about your marriage. Are you going to respond like Adam & Eve and play the blame game? We are all responsible for our own actions regardless of another human being.

To sum this book up. Love Christ First. With Christ at the top, you will know how to love all others. You will know how to FORGIVE, as Christ forgives you DAILY.

Oh What An Amazing Journey, Marriage Is!

By TGram

I am a Licensed Professional Counselor and Pastoral Counselor, thank you Anne for truly revealing our Father's Heart for Marriage! It has always been about "Christ Living His Life In Us, Through Us, and As Us." When the center of most books are on "man" this book really expresses Our Father's Heart...His Son. Thank you for sharing others points of view as well it gave the book even more credibility and hope. This has been the journey for my love and I as well. We have been married for 34 years and are experiencing daily what it means to Rest In the Finished Work of Christ individually and as a couple!! THANK YOU FATHER FOR THE GREATEST GIFT OF ALL AGES... YOUR SON AND THE SECOND GREATEST GIFT...MARRIAGE...

The Best Book on Marriage

By D. Causey

I am a Licensed Professional Counselor and I believe this book to be the best book on Christian marriage. So many books are written on marriage, but this book is the answer to healing in a marriage. The book takes you through 4 couples that are being counseled and shows you the journey they took through marriage counseling. It also offers exercises and other supplements that help you determine the state of your own marriage and how you can be complete in life by following the truths in this book. It is a must have for all marriages; ones that are hurting as well as those that just need some enrichment.
