MUMMY KNEW: A TERRIFYING STEP-FATHER. A MOTHER WHO REFUSED TO LISTEN. A LITTLE GIRL DESPERATE TO ESCAPE. BY LISA JAMES PDF

Four-year-old Lisa's world turned upside down when her step-father moved in. Most of the time he was just violent but then he started making her do things she knew were wrong. Soon he was visiting her at night. Lisa begged her mother for help but she just shrugged, telling Lisa he would have his way. It was the greatest betrayal of all.

At first Lisa's step-father would just make her stroke and massage his feet, hitting her if she stopped, but he soon wanted more. Much more. By the time she was 12 he was regularly abusing her. One day, when Lisa turned 16, she came home to discover that her mother had swapped bedrooms with her. 'You're my girlfriend now', her step-father told her. Lisa turned to her mother for help, but was met with a shrug. She wouldn't hear a word against her husband. 'Don't blame me,' she said. Her step-father's abuse was horrific but what completely tore her apart was knowing her mother knew and encouraged it.

Trapped and increasingly desperate, Lisa tried to find a way out. But her isolation was complete. Several months later her mother told her she'd arranged for Lisa and her step-father to move into a flat together down the road. It was too much for Lisa to bear. 'Please don't make me, please,' she sobbed. But her mother just ignored her. Lisa was marched around to the flat with her possessions and her nightmare was complete.

Alone with her step-father, Lisa's life became even more unbearable. Then one day, finally, she got the chance she'd been looking for to escape. Lisa bravely struck out on her own, petrified her mother would find her and hand her back into the waiting arms of her step-father. But Lisa's mother had no idea how determined she was to break away...

Mummy Knew

By Sabrina Rutter

Lisa James had a wonderful childhood living with two aunts, an uncle, and her grandma. Then one day when she was four-years-old her grandma didn't come to pick her up from nursery school. Lisa's life went from one of warm cuddles, and soothing bedtime stories to a real life horror story.

The things that Lisa went through are so horrible it would be easier to believe it were fiction rather than reality. Lisa's life reminded me of that part in the movie NATURAL BORN KILLERS when the main female character's family life is portrayed as some kind of sick and twisted sitcom.

Lisa said she felt as if she were living in some kind of nightmare, and I don't disagree with her one bit. It's a sad and frightening world when mothers and fathers are the real monsters.

Hard to read about such abuse

By Amazon Customer

This book made me so mad, I wanted to find that mother and teach her a thing or two..I don't even have the words for this it is beyond words. One of the worst cases of physical and sexual abuse that I have ever come across. I was a good book in that the victim does come out strong but what it took to get her to that point is just so very, very bad. Shame on the family that let this take place and shame on the schools that never took notice. I am not even sure why I bought this book. it was that shocking..I would actually cry in some parts but like I said it was a "good" book just a very bad subject..God bless her

Lisa's website is NOT a porn site. GO AND SEE.

By Blossom

A few people have left really hurtful reviews stating that Lisa's website is a porn site.

At first we thought there must be a mis-print in some editions of the book and gave these reviewers the benefit of the doubt. But the publishers have confirmed that everything is correct.

The only explanation is that rather than typing the address in full, people are simply putting lisa's name into Google and clicking on one of the first links (which happens to be a page warning of adult content) - but that page has a COMPLETELY DIFFERENT ADDRESS!!!!

Lisa has been through enough in her life and doesn't deserve to be victimized all over again. Oh, the irony.

EDIT: You know the bit above where I wrote the publishers have confirmed that "everything is correct". Well scrub that! Lisa's website is actually lisa-james.com (I hope Amazon don't edit this out as they sometimes do with links). It seems that some editions of the book have indeed missed out the hyphen in the address and this is what is causing the confusion.
