3 IN 1

By A Customer

This 3-in-1 by Roald Dahl is very good. I recommend this book to all you readers out there! The BFG is a book where an orphan Sophie is sleeping one day. She comes across a Big Friendly Giant. They find out that this giant's fellow giants are plotting to guzzle the Queen! What comes after this is all up to you to read and find out! Charlie and the Great Glass Elevator just sends you into pieces. It's off to another adventure with Willy Wonka and Charlie! Ferocious monsters and close shaves they will find on this journey in space. Charlie and the Chocolate Factory, the sequel before Charlie and the Great Glass Elevator, is about Charlie winning a chocolate prize and wins a trip to Willy Wonka's chocolate factory. Chocolate... and trouble is brewing when the other winners are met with mishaps and Charlie and Mr Wonka have to save them! What could be better than this fantabulous book? Maybe two of these books...

Magnificent Matilda: A Review by Samantha

By tg

In Matilda written by Roald Dahl, a inelligent, powerful, five year old girl wished she can have parents that loved and cared about her. (All they really were were couch potatoes.) She wanted to go to school and learn, too, but uh oh! Who is going to ruin everything when Matilda finally goes to school? That's right- Malevolent ,horrible, hittiest Miss Trunchbull, the princabull of the school. She'll crush children by the hand if she pleases, but who will save the day? How will he / she do it? Find out in Matilda.

Magnificent Matilda

I adore the book, Matilda. This is an incredible and facinating book for children. It has un predictable chapters that catch the readers attention. You woudn't expect anything that's going to occur. This book is also packed with fantastic figretive language. It has alliteration, onamonipeia, similes, metaphors, and even hyperboles. For exsample, shes going to explode, that's as huge as a skyscraper, or BAM and DRIP! I highly recommend this book for children through 3rd and 6th grade that enjoy magic, sespense, and humorous words and sentences.
