Too lame !

Rachel Fleming wished she had never stopped to help the stranger in distress. But it was too late now. The tables had turned.

Alexis Roche was no helpless victim. He was a seasoned hunter committed to the chase. He found out Rachel's name, address, even where she worked and set out to systematically change her whole life. First he toyed with her engagement, and then he closed in on her dangerously frazzled emotions.

Rachel's mind bid her to run...but her heart was tiring from the chase.

One of the worst books I've ever read ! A star is too much for this so called romance novel ! Terrible plot , too stupid to live heroine , selfish hero and to add insult to injury offensive comments about the Arab culture that showed clearly that the author had not done any background check before writing about the Arab world :(I am an Arab , so I do know what I am discussing ! I am very open-minded when reading novels because I do understand that to westerners the Middle East is an unknown world but I think a simple basic research would not have been too much to ask .

Do not waste your time and money .
