Most helpful customer reviews

3 of 3 people found the following review helpful.

Excellent review. The differential diagnosis & complex concepts are ...

By Dr GEETHANJALI BHAS

Excellent review . The differential diagnosis & complex concepts are clarified here. Essential as a companion to Sternberg's big book. Photomicrographs highlight key areas of diagnostic difficulty which helps trainee pathologists as well as consultants . This review book also motivates us to read through the larger volumes of Sternberg's. I have purchased the kindle version so that helps me update my diagnostic skills anytime anywhere.
