Very neat book and overall Good

By Henry Cooper

I'm truly falling in love with the Rules on Music Conducting and baton technique. This is the stuff rite here.

Overall I gotta say big up to Max Rudolf for a fantastic job. He deserves the Credit. Great tips on the do's and don't's of Conducting. Brock Elherhan's version on that Subject was well done and well recommended as a Must-Have. I think people today should know what and is that conducting and using batons being used in symphony orchestras, choruses, classes, workshop, all of the around. This book will waive thru my success in the Music Area and mostly used to practice. This is like Homework.
