Not a pot smoker? This still makes sense

By G. Jack Powell

I'm not a smoker, but I am interested in legitimate uses for this herb. I am sure that all of the plants on the earth have something to give to mankind. This book illustrates the being a "pothead" doesn't have to mean stoned. Medical uses are actually a good application for many plants. Aspirin originally came from willow bark. Early adopters made a willow bark tea. Read and learn.

HOT POT is actually known as Sacred Herb

By Yvonne

The Hot Pot Handbook is beautiful designed, created and contains valuable information with humor on the correct way to use this sacred Herb.

It has been around for eons and has been used by shamans, healers, tribes and the conman man for his aid not

only in health, relief of pain but breaking down barriers
of self to get to the core of ones being...it helps put you in a frequency that allows one to feel and see clearly
and thus aids in enlightenment.

This is a book finally written that shows you how to use it RIGHTLY.

This was the way Father Yod and The Source Family used it.

It is even stated in the Bible under ...God gave us every herb and bearing seeds :)

This is a great gift for insight and should be shared.
